Local Governing Body 2026-2027

Structure of the Local Governing Body

The Local Governing Body meets six times each school year. The work of the Local Governing Body is to monitor the school's performance and financial management, vision and ethos. There are monitoring pairs for finance and curriculum. All Governor monitoring visits are recorded. Local Governing Body meetings are minuted, to provide evidence of the work of the school and the effectiveness of the Local Governing Body in holding the Headteacher and her staff to account.
